INSPECTIONS

Inspecting a product before shipment is an effective way of preventing quality problems and supply chain disruptions further down the line. It helps to protect your brand and your company's reputation by minimizing defective merchandise, customer complaints and delayed shipments. It also ensures product safety, compliance with all contractual specifications, mandatory regulations and quality standards

Our Experts having length of industry experience and fully equipped and trained to perform any type of inspection which may include but not limited to the following:

INITIAL PRODUCTION CHECK

DURING PRODUCTION CHECK/PRODUCTION FOLLOW-UOS

FINAL INSPECTION/PRE-SHIPMENT INSPECTION

CONTAINER LOADING CHECK

CB Inspector use well defined SOP for inspection which are developed in line with International standards and best industry practices. During the course of inspection, CB expert inspector focus on the following point beside any specific instruction by our customer

- Product specification as per Purchase order and/or customer guidelines
- Product dimensions as per guidelines
- Classification of defects , critical, major or minor as per customer criteria
- Functionality
- Color/shades
- Packing of product
- Carton Marking
- Overall Appearance and presentation
- All other point as instructed by customer
